

The Call To Young Men.

This is your day and your opportunity, not so much because you are young and the word is before you, as because you are men of education, and by the grace of God you are Americans.

It is your duty, the duty you owe your country, as men of education and as Americans, to give your life to the work of guiding the people in the way of righteousness and truth, so that our civilization may be preserved for the greater good and greater glory of our country.

I do not suggest that it is the duty of all of you, by any means, to devote your life to the holding of public office. It is not necessary to enter public life, for public opinion is not formed by politicians, but in the shops and in the factories, in the offices and stores, in clubs and on street corners, everywhere that men and women gather together throughout the land. It is the duty of every one of you, according to the opportunity and grace that God gives you, to answer the call from the people for knowledge, and information, and light, to become a moulder of public opinion, to become a leader of men, to help the American people work out the problem they have set themselves to solve, government by the majority.—Geo. B. McClellan in State Journal.

Insomnia.

Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper, with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better. Obtainable everywhere.

Great Superfluity of Women.

Another difficult question to be faced after the war by all of the combatant nations will be a superfluity of women. Always a little more numerous than the men, they will soon be many millions in excess. One Oriental philosopher has suggested legalized polygamy as the solution of the difficulty. This, of course, is out of the question in Christian nations, but some scientists admit that it might be better than the unregulated polygamy which is sure in some degree to result. Thus it is believed by some observers that a large number of women unprotected by marriage will be one of Europe's great problems.

Others, however, see a bright side to the picture. Arnold Bennett, the English novelist, believes that because of the keen competition for men, only the very finest women will achieve marriage. Thus the best of the race will be perpetuated, and the bad effect of the shortage of fit men will be somewhat ameliorated.

Protect School Children.

Measles, scarlet fever and whooping cough are prevalent among school children in many cities. A common cold should never be neglected as it weakens the system so that it is not in condition to throw off more serious diseases. Foley Honey and Tar is pleasant to take, acts quickly, contains no opiate. M B Blackburn.

Infectious diseases are unknown in Greenland on account of the dry, cold atmosphere.

For months Boone readers have seen the constant expression of praise for Doan's Kidney Pills and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit? W. H. Crews, railroad conductor, North Wilkesboro, N. C., says: "I have taken Doan's Kidney Pills off on for the past three years and have always found them beneficial. Whenever my back aches or feels stiff a few doses of Doan's Kidney Pills a good trial. I know from experience that there isn't anything equal to them and I always keep a box on hand."

Why Constipation Injures.

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere.

In the last hundred years Great Britain has had a dozen types of rifle.

Information for Women.

Housework is trying on health and strength. Women are as inclined to kidney and bladder trouble as men. Aching back, stiff, sore joints and muscles, blurred vision, puffiness under eyes, should be given prompt attention. Foley Kidney Pills restore healthy action to irritated kidneys and bladder.

Persons with blue eyes rarely are afflicted with color blindness.

Safe Medicine for Children.

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most efficient in relieving coughs, colds, and croup. Obtainable everywhere.

His Age Is Against Him.

"I am 52 years old and have been troubled with kidneys and bladder for a good many years," writes Arthur Jones, Allen, Kans. "My age is against me to ever get cured, but F. J. Kidney Pills do me more good than anything I have tried. 'Rheumatism, aching back, shooting pains, a stiff joint, irregular action, all have been relieved.' M B Blackburn.

English factories manufacture about 250,000 needles each week.

First Rule of Good Health:

All schools of medicine agree that it is necessary to keep the bowels open and regular if one wishes to enjoy good health. Indigestion poisons the system and invites disease. Foley Cathartic Tablets cleanse the bowels without griping or nausea, banish bloating, sweeten the stomach and invigorate the liver. M. B. Blackburn.
